

**IMPORTANT DISTRICT-WISE
SOCIO-ECONOMIC INDICATORS
OF
KHYBER PAKHTUNKHWA
2018**

**BUREAU OF STATISTICS
PLANNING & DEVELOPMENT DEPARTMENT
GOVERNMENT OF KHYBER PAKHTUNKHWA**

WWW.KPBOS.GOV.PK

PREFACE

There is a growing interest among policymakers and development planners to take decisions and make viable choices amid competing priorities based upon a broad suit of relevant and credible statistical data on varied dimensions of social and economic development.

Social and economic indicators in general form an important part of the information required to determine how well a region/country is progressing on economic and social trajectory, identify regional and gender disparities and support the process of planning, monitoring and research.

Adhering to the emerging needs of a wide spectrum of the data users and fulfilling its obligation for being the data producing entity at the provincial level, the Bureau of Statistics is pleased to take an opportunity of publishing its annual report titled “Important District-wise Socio-Economic Indicators of Khyber Pakhtunkhwa 2018“, which is 25th in the series and contains the latest available data with the overarching objective to facilitate decision makers, planners and other development partners by equipping them with the essential data on socio-economic aspects of the province in a user’s-friendly mode.

I sincerely appreciate the valuable support extended by the line departments, district governments and other data generating organizations for timely providing the data deemed essential for publication of this report. I also place on record my thanks to the officers and staff of the Bureau of Statistics for their tenacity and dedication in preparation of this important document well in time.

The publication has also been made available on the official website of the Bureau of Statistics www.kpbos.gov.pk to provide easy accessibility to a large number of data users having internet access.

It is hoped that the publication carrying extended data will provide a substantial support to the development process by facilitating in particular all those who are engaged in policymaking, planning, academia, research, resource allocation, monitoring and quantitative analysis at various institutional levels.

We would welcome your valuable suggestions on the format and coverage of the report that would provide us the basis to further improve the future issues of this publication.

(TARIQ MEHMOOD)
DIRECTOR

Bureau of Statistics
